04/2026 To move that the Honourable Minister for Public Service be called upon, as a matter of urgency, to institute a comprehensive review of the inadequate staffing levels in the Kingdom of Eswatini's High Commissions and Embassies. This situation has been exacerbated by the continued use of an archaic administrative structure inherited from the colonial administration at independence, which no longer aligns with the operational demands of modern diplomatic service.

Whereas the said review shall also address the long outstanding matter of Chapter E of the relevant public service regulations, which pertains to the rights, conditions of service, and general welfare of officers serving in foreign missions.

Therefore the Honourable Minister is hereby expected to complete the review and submit a detailed report with recommendations to this Honourable House within ninety (90) days from the date of adoption of this motion.

07/2026 To move that the Rt. Honourable Prime Minister outlines in detail the following:

- a) How his disruptive style of leadership is consistent with, and fits into, the Tinkhundla system of Government as established under the Constitution of the Kingdom of Eswatini and the Tinkhundla framework, which emphasises consensus-building, traditional authority, and collective decision-making at both national and local levels;

- b) The manner in which this leadership style affects the doctrine of collective responsibility within the Cabinet, particularly whether it upholds or undermines the principle that all Ministers are jointly accountable to His Majesty the King-in-Parliament for the policies and actions of the Government;
- c) The impact of this leadership style on service delivery across all sectors of the Kingdom, including its effects on the efficiency, coordination, and effectiveness of public service programmes, development projects, and the overall welfare of Eswatini.
- d) That the Hon. Prime Minister's response be accompanied by specific examples, timelines, and measurable indicators to enable Members to fully assess the compatibility of the said leadership approach with the foundational principles of the Tinkhundla system and its implications for good governance.
