Second: (The Hon. Sicelo Dlamini)

25/2024 To move that the Hon. Minister for Agriculture closely monitor Agro-dealers and manufactures to ensure the authenticity or genuineness of agricultural inputs, which are crucial to achieving food security in Eswatini. While the Government, through Ministry, already conducts seed inspections, recent developments highlight the need for similar measures for fertilizers. Fertilizers should be tested to verify if they contain the nutrients and elements as labelled, ensuring their effectiveness in crop production.

Seed quality control services test for germination rates, which farmers can easily verify upon planting. However, fertilizer performance is only evident through crop growth and yield. Therefore, we recommend that the Ministry of Agriculture adopts a similar inspection regime for fertilizers to safeguard productivity. The Honorable Minister must table the report within seven (7) days after the adoption of this motion by the Hon. House.

Mover: (The Hon. Mgucisi Dlamini)
Secunder: (The Hon. Sifiso Shongwe)
